ENGL 1100 Portfolio & University Writing Portfolio

In addition to uploading your course material to your English 1100 Portfolio in Blackboard, you will also submit material to a University Writing Portfolio using iWebfolio. If you fail to upload all of the appropriate materials to either portfolio, you automatically receive an incomplete for this course. Use the table below as a guide for each of your two writing portfolios. We will upload the documents together during our final exam time: 8:00 - 10:30 on Thursday, April 27 in Joyner 1014.

ENGL 1100 Writing Portfolio

What revised and polished documents need to be included?

• Revised and polished version of project 1 or 2 with assignment description
• Revised and polished versions of project 3 with assignment description
• Self-analytic essay: For your Self-Analytical Writing please submit a 4-6 page letter, addressed to “Portfolio Reviewers,” that explains how the writing projects that you have included in the portfolio demonstrate your abilities in the categories of writing described on the English 1100 Portfolio Rubric. In your letter, you should provide specific examples of how your writing meets the criteria (for example, where did you use specific evidence to support your claim? Where and how did you direct your writing to a specific audience? etc.). In addition, your letter should address what aspects of your writing are effective and why you think they are effective? What do you think could be improved in your projects and how could it be improved? You should also briefly describe the process you used to write the projects. Do you think the process you used was effective?
